Mission Ready Contractors is an SDVOSB/DVBE media and broadcast engineering firm led by a 36-year studio operations veteran who built enterprise media pipelines for major studios beginning in 1992. MRC delivers video production and post, broadcast and studio engineering, media asset management, AV systems integration, localization/delivery packaging, and AI-assisted production workflows — to government standards, with security-conscious practices. **MRC teams as a subcontractor to primes meeting small-business subcontracting goals, and performs as prime on set-aside work.**

CORE CAPABILITIES — NAICS CODES (7)
